The Markets**Wall Street.**

New York, Sept. 21.—Under the impetus of another impressive movement in copper, steel and seasonal specialties, today's stock market made many substantial gains, with sales again running well up to seven figures. The closing was strong.

Stock List.

Chicago Board of Trade.

Chicago, Sept. 21.—Lower cable quotations had a depressing influence today on the wheat market. The opening which ranged from \$1 to \$1½ lower, with December at \$1.42 to \$1.49 and May at \$1.49 to \$1.50, was followed by an additional setback and then something of a rally. Later the market hardened on gossip that Liverpool quotations had been lowered to facilitate European buying of wheat cheaper in the United States. The close was firm, 5¢ off to 5¢ up.

Corn weakened with wheat. After opening unchanged to 4½¢ lower, the market showed a slight recovery, in case where declines had gone further.

Crop damage reports tended later to bring about an additional corn recovery. The close was firm at 5¢ off to 5¢ up compared with yesterday's finish.

Cattle sympathized with the weakness of other cereals.

Lower values on hogs pulled down provisions.
